Improve Recording System 1002-140-01

The software system currently used by the Auditor's Office Recording Department was originally acquired in 1998 and was last upgraded in 2005. The current system does not include an on-line electronic recording feature. This request is to upgrade or replace the current system to add electronic recording capabilities. This improvement will provide better service to customers and improve efficiency, particularly with regards to transactions that include Real Estate Excise Tax (REET) payments. REET transactions are initially received by the Treasurer's office and are subsequently forwarded to the Auditor's office to be recorded. To date, REET transactions have been in paper form, but the Treasurer's office is developing a system that will accept REET transactions electronically. Without improvements to the current Recording system, these electronic REET transactions will need to be printed, labeled and manually scanned into the system. This would increase rather than decrease workload in the Auditor's office.

Clerk's Imaging

Program Summary

Imaging Project

To provide customers of the clerk's office quick and easy access to court documents by the touch of a keystroke. This is done with the use of an electronic imaging system that the clerk's office has been using for four years. The system is called Liberty. Now instead of passing documents desk to desk for processing, the documents are scanned into the computer and then routed to the appropriate person or agency.

General Liability Reserve

Department Summary

The County is self funded for the general liability claims. This budget accounts for all of the cost of liability claims, all insurance premiums as well as contributing 50% to the cost of the Risk Management Department. The General Liability Reserve fund is financed with contributions from the General Fund as well as other county funds on the basis of estimated liability exposure and actual risk funds paid.

Industrial Insurance

Department Summary

Clark County is self-insured for workers' compensation. This budget reflects the cost of workers' compensation payments made by the County from its Industrial Insurance Reserve Fund. In addition, the fund contributes 50% of the cost of the County's Risk Management department. Finally, administrative payments to the State are included.

Tourism Promotion Fund

Department Summary

The TPA collects a charge on lodging for all of the unincorporated area and by interlocal agreement, all of the City of Vancouver. This charge is to be used to fund the promotion of tourism and convention business. Currently, the County and the City of Vancouver pass these funds onto the Southwest Washington Convention and Visitors Bureau.

Transfers & Pass Throughs

Program Summary

Inter-fund Transfers

This program accounts for transfers from the General Fund to other County funds. Major recurring transfers include payments for building maintenance and utilities (Facilities Management Fund), debt service (General Obligation Bond Fund), liability coverage (General Liability Reserve Fund), elections (Elections Fund), as well as the Fire Marshal and Animal Control (Planning & Code Fund).

13 St. Barrier Removal 5040-309-03

13th Street bisects one of the busiest pedestrian use areas on the downtown County campus between the Courthouse and the Public Service Center. Because this space was originally designed to be a pedestrian mall there are numerous design deficiencies that compromise pedestrian safety, particularly for individuals with disabilities, which include:

- 1.) Lack of demarcation between the sidewalk and street
- 2.) No detectable warnings for individuals who are blind or have visual impairments
- 3.) Accessibility route is not clearly defined
- 4.) Surface obstructions (uneven pavers)
- 5.) Lack of curb cuts at access aisles for disabled parking
- 6.) No handrails on exterior stairs or ramps on the south side of the Public Service Center and stage area located on the east end of the building
- 7.) No defined pedestrian crosswalks
- 8.) Improper placement of parking signs, and;
- 9.) Inadequate parking access aisles

Two options are available for consideration:

Option 1: (\$175,000) Includes removing the accessibility barriers summarized above, to include: relocating the accessible parking spaces located on the south side of the Public Service Center to the west end of the building.

Option 2: (\$125,000) Includes all barrier removal detailed in option 1 but does not include relocating the accessible parking stalls on 13th Street.

Accessibility Renovations 5040-309-02

The Americans with Disabilities Act requires public entities to make facilities accessible to the public to ensure that all individuals, including individuals with disabilities, have access to government services, programs and activities. The ADA requires public entities to prepare a Transition Plan where accessibility barriers are identified and removed.

Funds allocated for accessibility barrier removal will be used for projects where the greatest number of individuals will benefit and/or where safety issues, related to accessibility, exist and for accessibility priorities such as parking, accessible routes and accessible restrooms.

CtHouse Accessible Restrooms 5040-309-01

The Americans with Disabilities Act requires restroom accessibility for individuals with disabilities. Per plumbing code, the minimum number of accessible restrooms must be located on the 1st, 3rd and 5th floors of the Courthouse. Currently, there is only one accessible restroom on the 3rd floor of the Courthouse. Renovations are needed to the men's and women's restrooms on the 1st and 5th floors.

Flood Plain Insurance Program 1012-542-01

Clark County participates in the Federal Emergency Management Administration's (FEMA) National Flood Insurance Program's (NFIP) Community Rating System (CRS) for floodplain management. The CRS is a voluntary incentive program that recognizes and encourages community floodplain management activities that exceed the minimum NFIP requirements. As a result, flood insurance premium rates are discounted to reflect the reduced flood risk resulting from the community actions.

Victim Assistance Fund support 1022-270-01

The Victim Assistance Unit is funded through a variety of fees collected through the courts for various types of activities. These fees are set by the legislature and have remained flat over the years. However, employment expenses have grown each year and have surpassed the revenue supporting the unit. In previous years, the unit was able to maintain a fund balance that has now been tapped to fill the gap between revenues and expenses. By the end of this year, the fund balance will not be sufficient to cover the deficit in the next biennium, despite efforts to narrow the gap.
